

Your Wedding at Denman

A Wedding Reception at Denman

Invite your nearest and dearest to the reception you've dreamed of at Denman. The postcard setting of Denman boasts a Georgian manor house tucked away in seventeen picturesque acres of greenery. When you host your family and friends at Denman, our home becomes yours - with a dedicated events planner to oversee proceedings...

The Denman Story

For your special day, choose a place with a unique history. Since 1948, we've empowered, educated and inspired. Denman was originally opened as the WI's college - a place where women could come together to learn new skills. Over the years, we've grown an ethos of heartfelt learning, tending to our cookery, lifestyle and craft schools. We're especially proud of our heritage and the exceptional story that Denman has to tell. Even though we're associated with the WI, we are open to all - both members and non-members!

Plenty to explore...

Our idyllic destination has plenty of spots for you to set stunning photographs of your day. Escape to our grounds for paths leading you down to our lake; stop by the herb garden for a backdrop with a touch of the country wilds or stroll along Lime Walk, framed by well-tended trees. Denman has plenty to inspire and our grounds truly spark the imagination.

Period Sensibilities...

Within the house, you'll find cosy rooms ideal for a sparkling drinks reception. Give your guests the chance to take the weight off their feet with our comfy sofas and armchairs. Tastefully decorated and in-keeping with the 18th century architecture, these drawing rooms capture the imagination as if taken from the pages of a Jane Austen novel.
